

XVI CONFERENCE

DIGITIZATION OF CULTURAL HERITAGE, OLD RECORDS FROM THE NATURAL AND SOCIAL SCIENCES AND DIGITAL HUMANITIES

September 26th, 2018

Digitization of Cultural Heritage, Old Records from the Natural and Social Sciences and Digital Humanities is an annual conference, which has been taking place in Belgrade, Serbia, since 2002, and which is dedicated to different aspects of digitization of cultural heritage. This year's event, sixteenth in a row, is organized in honour of a great Serbian mathematician Mihailo Petrović Alas, on the occasion of 150 years since his birth. The conference is organized by the Faculty of Mathematics of Belgrade University and the National Center for Digitization.

Conference Topics

- ❖ Theory, methodologies and standards in digital preservation of cultural heritage
- ❖ Projects and best practice examples of cultural heritage digitization
- ❖ Digitalization of old records from the natural and social sciences
- ❖ Technological aspects of cultural heritage digitization (algorithms, software implementations, and application of new technologies)
- ❖ Digital Humanities: digital tools and methods in humanities research
- ❖ Research in digital infrastructures for the arts and humanities
- ❖ Life and work of Mihailo Petrović Alas

Presentations about the work and life of Mihailo Petrović Alas will be in the special session.

Conference will take place in Belgrade at Faculty of Mathematics (Studentski trg 16) on September 26th, 2018.
